A little about Tourbugs, since 2015

Tourbugs is the biggest camping experience providers in India. We are the pioneers of camping and have been hosting guests for more than 10 years in Sahyadris Westernghats.

Our Camping season starts from September & ends in May. We host on all the weekends and for a group of 8 or more on weekdays too. Some of our signature camping events include New Year camping, Full Moon, No moon camping. These are the year's largest camping events and we are overbooked for these.

Our guests are from different domains and walks of lives. We host motorcyclists, corporates, trekkers, photographers, kids, families and many more. Oh, and we love having pets around! The campsite is pet friendly and gives a different experience to them as well. We absolutely adore pets who camp. <3

We also specialize in camping events for motorcycle manufacturing companies. We host camping events for them at Tourbugs Nest as well as other locations selected by them. Another characteristic about us is that our love for food is undying. We love feeding people good food and believe that food is one of the main aspects of experience that we are providing. We are known for simple, wood fire cooked, village food that will leave you wanting some more. Our BBQ is a must have while camping. Everything is unlimited and of great quality. The food will never disappoint you.

We are featured in Your story for our camping. You can read the article [here](#).

When not hosting camping here in Pune, we take people on the Himalayan Moto Adventures! We do some really cool and unusual trips in Ladakh, Spiti, Zaskar and North East of India.

**To know more about us or Tourbugs camping please get in touch with us-
