Via India's longest bridge.
Farewell dinner.
[Assam]

Feb 21, 2027

Day 11

Departure.
Breakfast & Checkout.
Head to Airport.
[Assam]

THROUGH MOUNTAINS, TRIBES & TIMELESS LANDSCAPES

This ride is an invitation to venture beyond the familiar into a land of towering mountains, ancient forests, and vibrant tribal cultures. Journey along winding mountain roads, cross roaring rivers, and explore some of India's most remote frontiers. Meet the legendary Konyak tribe in Mon, stand at Longwa where India meets Myanmar, and discover the untouched beauty of the Dibang Valley on your way to Anini — one of the country's most secluded destinations.

*More than reaching destinations, this expedition is about embracing the unexpected, immersing yourself in extraordinary landscapes and cultures, and creating memories in places few travellers ever experience. A perfect blend of spectacular riding, cultural discovery, and true exploration, **it's an adventure that stays with you long after the journey ends.***

THE HIGHLIGHT

Ride to the Edge of India

Explore Longwa village, where you can literally stand with one foot in India and the other in Myanmar.

Dibang Valley Expedition

Venture into one of India's least explored regions as you ride to Anini, deep in the heart of Arunachal Pradesh.

Konyak Tribal Experience

Interact with the legendary Konyak tribe of Nagaland, known for their unique traditions, heritage, and striking facial tattoos.

Raw, Untouched Landscapes

Experience dramatic mountain valleys, dense forests, and wild rivers far from mainstream travel routes.

Ultimate Remote Riding Experience

Ride through regions with minimal connectivity, offering a true sense of isolation and adventure.

Cultural Immersion

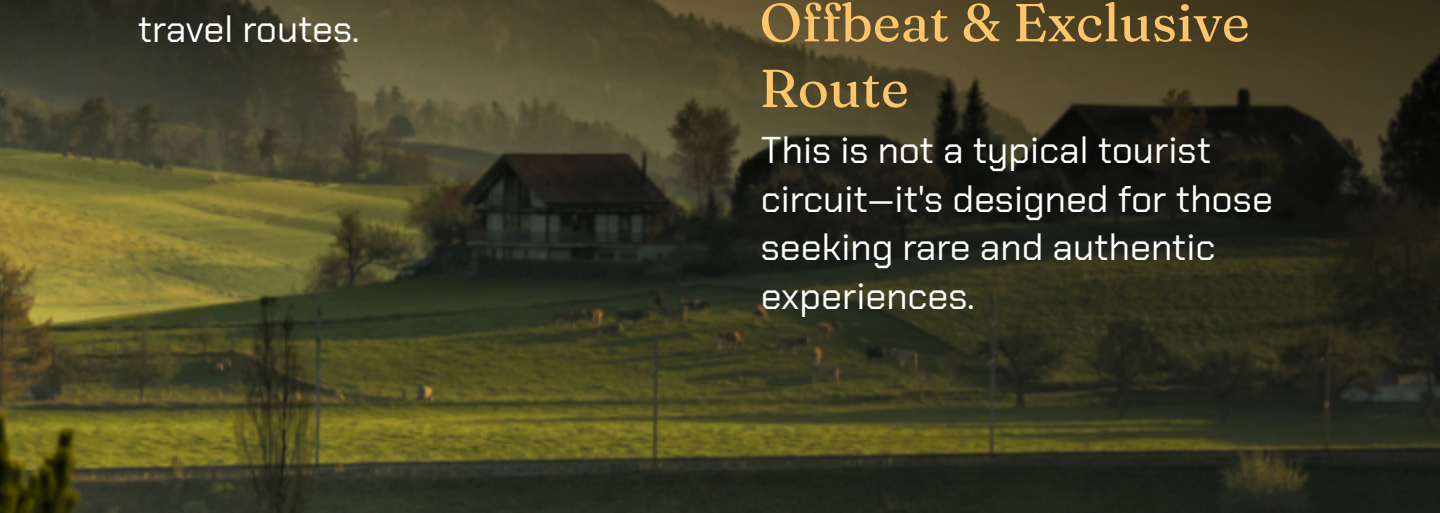

Engage with indigenous communities like the Ao Nagas and Idu Mishmis, gaining insight into their way of life

Cross Iconic Infrastructure

Ride over the Bhupen Hazarika Setu, India's longest river bridge, spanning the mighty Brahmaputra.

Offbeat & Exclusive Route

This is not a typical tourist circuit—it's designed for those seeking rare and authentic experiences.

THE EXPERIENCE

Motorcycling

Ride through Nagaland's green hills and Arunachal's dense forests. The route features a mix of smooth tarmac, broken gravel, and river crossings. It's a test of skill where the reward is the breathtaking view of untouched valleys appearing after every difficult ridge.

Over 10 days and 1,200km, you'll traverse three states.

The journey concludes with a ride across the 9.15km Bhupen Hazarika Setu, India's longest river bridge. This tour prioritizes resilience and the satisfaction of reaching rarely visited destinations.

THE CULTURE

Ao Naga

In Mokokchung, meet the Ao Naga tribe, known for their woodcraft and unique festivals. This cultural capital offers a look into traditional social structures and a cuisine based on smoked meats and fermented bamboo shoots.

THE CULTURE

Konyak Nagas

Visit the Konyak Naga in Mon district, famous for their history as headhunters and distinct facial tattoos. In Longwa, the Chief's house uniquely straddles the international border between India and Myanmar.

RIDE SCHEDULE

DAY-01 / FEB 11, 2027

Arrival in Dibrugarh

Arrive in Dibrugarh, the gateway to Northeast India, where lush tea gardens and the mighty Brahmaputra set the tone for the journey ahead.

After hotel check-in, you'll attend a detailed briefing covering the route, safety guidelines, and what to expect over the next few days. The evening is at leisure to relax.

DAY-02 / FEB 12, 2027

Dibrugarh to Mokokchung

The adventure begins as we ride into Nagaland, leaving behind the plains of Assam and gradually climbing into scenic hill roads. The route offers a mix of smooth stretches and winding terrain

through dense forests and small villages. By evening, we arrive in Mokokchung, the cultural heartland of the AO Naga tribe, where you can soak in the local vibe.

DAY-03 / FEB 13, 2027

Mokokchung to Mon

Today's ride takes us deeper into remote Nagaland, with increasingly rugged roads and raw, untouched landscapes. This is a long and challenging day, but also one of the most

rewarding as we approach Mon, home to the fascinating **Konyak tribe**. The region feels truly off-the-grid, offering a glimpse into a unique way of life.

DAY-04 / FEB 14, 2027

Mon – Longwa – Mon

We ride to Longwa village, one of the most unique places in India, located right on the India–Myanmar border. Here, you'll visit the home of the village chief, which interestingly lies in both

countries. Spend time interacting with locals and learning about the rich history and traditions of the Konyak tribe before returning to Mon by evening.

DAY-05 / FEB 15, 2027

Mon to Roing

Today we transition from Nagaland into Arunachal Pradesh, entering a region known for its dramatic landscapes and pristine wilderness. The journey is long and adventurous, with changing terrain and

remote stretches. By evening, we reach Roing, a quiet and scenic town that serves as the gateway to the Dibang Valley.

DAY-06 / FEB 16, 2027

Roing to Anini

This is one of the most challenging and thrilling rides of the expedition. The route to Anini takes you through rugged mountain terrain, river crossings, and landslide-prone sections.

The effort is well worth it, as the journey offers breath-taking views of untouched valleys and towering mountains. We reach Anini, one of India's most remote destinations, by evening.

DAY-07 / FEB 17, 2027

Rest Day in Anini

After an intense ride, today is reserved for rest and recovery. You can take short walks around the village, relax by the river, or simply soak in the silence and beauty of this remote Himalayan region.

It's the perfect opportunity to slow down and experience the simplicity of life here.

DAY-08 / FEB 18, 2027

Explore Anini

Today is dedicated to exploring the region around Anini. Visit nearby villages, interact with the local Idu Mishmi community, and enjoy the raw, untouched beauty of the landscape.

Whether it's photography, nature walks, or cultural immersion, this day offers a deeper connection with the region.

DAY-09 / FEB 19, 2027

Anini to Roing / Dambuk

We begin our journey back, retracing our path through the dramatic terrain of the Dibang Valley. Depending on road and weather conditions, we halt at Dambuk or continue onward to Roing.

Though still challenging, the ride feels more relaxed as we descend from the higher, remote regions.

DAY-10 / FEB 20, 2027

Roing to Dibrugarh

Today's ride is comparatively easier as we head back to Dibrugarh via the iconic Bhupen Hazarika Setu, India's longest river bridge. The smooth roads and open stretches offer a

refreshing change after days of rugged riding. In the evening, we gather for a farewell dinner and celebrate the journey.

DAY-11 / FEB 21, 2027

Departure

After breakfast, it's time to check out and head to the airport for your onward journey.

You leave with unforgettable memories of remote landscapes, rich tribal cultures, and one of the most unique riding experiences in India.

OUR PACKAGE INCLUDES

Accommodation

All accommodation are in **good, listed hotels and luxury camps and homestays** (double occupancy)

GOOD TO KNOW

Luggage

Carry only essentials that you need for your use since the flight allowance in domestic flights in India is **only 15+7 kgs**. Avoid paying excess baggage.

Essentials you should have

- Enough clothes for the entire ride.
 - Warm wear - Pull overs, sweaters, thermal wear, or anything else you feel is required by you in low temperatures.
 - Good tint or clear glasses to wear for protection against sun and dust.
 - One pair of sandals, flip flops, or sneakers that you are comfortable with.
 - Hiking pants / shorts or any other basic hiking gear you might want to carry.
 - Enough underclothes and socks.
 - Medicines if you are on a certain routine medication and any other medication you think you might need.
 - Free luggage space if you intend to shop for souvenirs from the trip.
- ▲ All the above riding gear should preferably be waterproof in case the weather goes bad or proper rain gear to wear over the riding gear. It gets cold when it rains.

Riding gear

- Good certified full-face helmets.
 - Jacket and riding trousers with protection.
Alternatively, a good set of knee and elbow guards.
 - Riding boots with protection. Alternatively, you may wear a good pair of high ankle boots with steel/composite toe protection.
 - Riding gloves with protection.
 - Good tint or clear glasses to wear in the helmet for protection against sun and dust
 - You may carry hydration packs, tank bags, GPS systems, etc as per your convenience.
- ▲ All the above riding gear should preferably be waterproof in case the weather goes bad or proper rain gear to wear over the riding gear. It gets cold when it rains.

Other things to carry

- Phone, camera, video camera, spare memory cards and chargers.
- Spare spectacles if you wear powered lenses.
- Flashlight.
- Energy bars / Dry fruits / Electrolytes to carry on you at all times.
- Anything else that you feel you need to have.

[Continued on the next page]

To keep in mind

- This adventure tour covers some harsh mountain terrain so you need to promise yourself that you have enough experience to enjoy yourself safely.
- We also suggest that you have valid travel insurance at the time of the tour.
- Do make sure you are physically fit to do the tour.
- Avoid using radio communication devices /satellite phones on the tour for security reasons

ABOUT TOURBUGS

Tourbugs, a venture by an adventure loving couple who left their corporate desk jobs to explore and appreciate the beauty around.

Since 2015, we've been crafting unforgettable journeys that combine breathtaking landscapes, rich cultures, unique cuisines, wildlife, and thrilling rides. Our clients love the itineraries and the experiences we curate.

Our story goes back in time when we were riding through the Himalayas for the very first time! We met many people, saw beautiful landscapes, experienced nature, culture, and explored elusive places. That was the time we decided to start this venture and take people on rides/ journeys which are beyond just a vacation.

So, if you are looking for destinations less travelled, new cultures, cuisines, terrains, wildlife, then this is just the right place for you. Come, experience unusual, scenic and rugged mountains with us!

We specialise in bike rides to Ladakh, Spiti, Zaskar, North East of India, Western Ghats & Coastal trails. Our itineraries are different from regular tour agents or travel companies. We want you to explore and experience and not just visit the places.

Each itinerary is curated as per the region and includes all the things one should experience when on the ride. Some of the itineraries are extreme for motorcyclists who want to ride in the unexplored terrain.

OUR CLIENTS

We are hosting people for last 10 years. We have catered clients individually, on our fixed departure rides, customised rides from countries like Australia, New Zealand, United Kingdom, Malaysia, Singapore, Dubai, Norway, United States.

We also work with corporates as their official ride partners. Our majority work is with some beloved motorcycle brands across India.

These are some of our major clients and we have been working with them on different kind of projects such as rides, shoots, events and basically everything motorcycling!

TEAM TOURBUGS

ARVIND

Mechanical Engineer by education, motorcyclist at heart. He has worked in Oil & Gas industry for 10 years.

Arvind has always been passionate about motorcycle travels. His love for riding gave way to his venture so

that he could share his passion with the rest of the world wanting to experience places beyond imagination.

He leads and manages all logistics on our rides. His expertise are finding new routes to magnificent places.

Well versed with upper Himalayan regions, he curates mind blowing itineraries to experience & explore mountains to the fullest. With his friendly smile and calm nature, he makes everyone relaxed & comfortable.

He also loves photography and all of our content is clicked/recorded/edited by him. Also, he is crazy about fishes, aquariums and aquatic plants.

ARTI

A management graduate with 5 years of experience in different marketing roles.

Motorcycling started a little late for her but she has been riding ever since. She has led many of our rides in the Himalayas and has a lot of stories to share.

She handles all aspects related to camping events at Tourbugs Nest and oversee all the backend operations for all the rides. She is the online backup for rides, making sure everything is lined up perfectly.

All our local stays while riding are discovered and booked by her. She makes sure that the experience and quality of the stay and food is top notch.

Loves adventure, home stays, motorcycles, food and travel.
